DigiLevel Pro 60

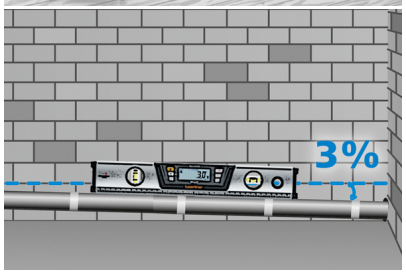

Digital electronic spirit level

The digital spirit level is ideal for the accurate alignment of slopes, has a Bluetooth interface and is splashwater-proof. Operation is very easy thanks to the acoustic guidance function and defined standard gradients for typical applications.

- **Exact alignment of slopes**
- **Comfortable overhead measurements thanks to flip display**
- **Free hands when working on metal constructions thanks to magnetic holder**
- **Standard gradients for roof pitch, slopes, drain pipes**
- **Calibration: permanent accuracy via reverse measurement**
- **Acoustic guidance with 3 different signal tones**
- **Measurement units can be switched**
- **Bluetooth interface for use with MeasureNote app**
- **Illuminated display with direction indicator**
- **Extremely rigid aluminium profile with milled measuring surfaces**
- **Splashproof**
- **Integrated dot laser for optical extension**
