

FPL L-RED Positioning Laser

Positioning lasers are especially suited for use in manufacturing industry and in trade for marking and positioning.

ART.-NO. 519020

FEATURES FPL L-RED

- Projects a clearly visible laser line
- Switched power supply
- Multi-functional mount (rotatable and swivelling)

TECHNICAL DATA

Laser diode/class	red /3R
Laser wave length	635 nm
Focussing	0 - 10 m focusable
Fan angle	84°
Temperature range	-10° C to +40° C
Dust/waterprotection	IP41
Dimension	22.5 x 89 mm
Weight	0,385 kg
